

Open Type Corrugated Pipe

Model Number: SB-OTCP

Material: PE, PP, PA

Working temperature: -30°C ~ +100°C (PE material)

-40°C ~ +110°C (PP material)

-40°C ~ +125°C (PA material)

Structure: wavy shape both interior and exterior.

Performance

Good flexibility, abrasion resistance, acid resistance, fire resistance, etc.

Usage

It can be used in machinery, electrical equipment, foodstuff machinery, automatic meters and gauges and motors as abrasion and insulation protection for cables.

Dimension

Material	Item No.	Size (mm)		Packing (meters/roll)	Rm±10%
		Inner Diameter	Outer Diameter
